What is Covered

- **Project Planning:** Interview key stakeholders to understand corporate security policies and Oracle PeopleSoft customization
- **Data Onboarding:** Configure masking tools based on the client's corporate security policies and Axis Oracle PeopleSoft templates
- **Masking:** Masks core Oracle PeopleSoft data, iterated as needed
- **Masking Validation:** Validate successfully masked data with your team
- **Resource:** A playbook so that the masking can be repeated as needed and an action plan detailing the next steps

Details

The Oracle Peoplesoft Data Masking - Starter Package is a fixed-price engagement that can be used for any size Oracle Peoplesoft application environment. Axis will mask the sensitive data in the Oracle Financials core tables as well as any agreed-upon custom tables.
